QUICK INTRO

Institution: University of Mines and Technology

Programme of Study: BSc Geomatic Engineering

Period for Completion: May 2020

PROFILE

I am a student chiefly immersed into research and commands progressive proficiency in engineering, business administration, supplier negotiation and outsourcing.

I am a devout team worker, open-minded, adaptable and possess a great amount of willingness to learn and a good communicator.

I tend to produce favourable results in the network of risk management and enjoy working with diverse cultures.

CAREER OBJECTIVE

I am seeking a position in the energy industry focusing on oil drilling, augmenting drilling programme to maximise and sustain oil production and gas export; and an avenue to sharpen my skills in material handling, business administration and supply chain management.
